

DR-MB2 MOD FOR 1mA METER

Skip all RED componets.  
Use 2K trim for metrer calibration.  
Calibration:  
1. Connect 1kHz -18dBfs sinus signal to MB2 inputs  
2. Check output LEVEL with DAW meter, should be -18dBfs  
3. Adjust THRESHOLD KNOB for 4db Gain Reduction,  
DAW meter should show -22dBfs.  
4. Adjust 2K trimp for 4dB on 1mA meter.
